

True or False

Here are five fun statements to play or true or false with. You can choose one, a few, or all of them - whatever works best for your pupils. Maybe get your older students to research and make their own!

Your lungs are the biggest organ in your body

FALSE

Your lungs can hold as much air as a football

TRUE

Lungs are the only organs in your body that can float on water

TRUE

We don't need our lungs

FALSE

Your lungs clean the air you breathe every second

TRUE
